PHILADELPHIA AND DENVER.

Have opened a branch office in Virginia City and have arranged to make regular professional visits to Carson and may be found at the Arlington House on Sunday and Monday, May 18th and 19th, fully prepared to treat all Chronic, Special and Surgical Affections of both sexes, including:

CATARH.

THIS DANGEROUS MALADY. THE

forerunner of Deafness and Consumption, is so prevalent in this section of Nevada that we feel constrained to give the subject more than a passing notice.

Catarh is one of the most frequent causes of deafness. Scarcely any one afflicted with this disease, for any length of time, remains a normal creature of hearing power. With some, the hearing suffers at first only at times, but becomes a permanent defect, and the hearing becomes permanently impaired. In others, the hearing grows indistinct, and the patient is unable to hear the ordinary sounds of life. In some cases, the hearing is lost entirely, and the patient is left a deaf mute. The disease is caused by a catarrh of the mucous membrane of the middle ear, and is often the result of a cold, or of an injury to the ear. It is a very dangerous disease, and one which should be treated at once. The treatment should be directed to the removal of the inflammation, and to the restoration of the hearing power. The following is a list of the symptoms of the disease: 1. A feeling of fullness in the ear. 2. A ringing or buzzing sound in the ear. 3. A loss of hearing power. 4. A discharge from the ear. 5. A pain in the ear. 6. A swelling of the ear. 7. A redness of the ear. 8. A tenderness of the ear. 9. A itching of the ear. 10. A burning of the ear. 11. A stinging of the ear. 12.
